PRESS RELEASE

STARCOMMS SUBSCRIBERS GET 100% MONEY-BACK OFFER

Starcomms Plc, Nigeria's leading telecommunications operator is offering its subscribers who purchase the Starcomms Cordless (Huawei ETS 8521), fixed wireless phone this season, full money back within a period of six months in a unique promo that is fast changing the scope of telephone usage in the country.

The Huawei Cordless Phone, now priced at N7,500, is another sign of Starcomms' commitment to offering new and innovative products to its customers. Upon buying the cordless phone, the customer gets N1000 free Starcomms-to-Starcomms calls every month for six months with the usage of a minimum N500 per month. This will give the subscriber free N6,000 on net airtime within the six months. Additionally, the customers will also be entitled to earn off-net free talktime worth N250 per month for six months totaling N1,500 within the first six months of activation, the subscriber would have earned back all the initial amount of N7500 paid for the phone with diligent usage of just N500 per month.

The Huawei Cordless Phone is a sleek and elegant looking phone with key features like, 12-chord polyphonic ring, 500 entries phone book storage capacity, low battery alarm, calculator, stopwatch and calendar.

Commenting on this –incredible Money Back Bumper offer, the CEO of Starcomms, Maher Qubain said: "The 100 percent money-back offer further underscores our firm commitment to delivering innovative products & services to our subscribers in a way that is cost effective. Within six months, the subscriber gets back the money used in purchasing the phone and continues to enjoy the most affordable tariffs and trendy cordless phone.

Similarly customers who purchase either the Huawei C228s Colour FM phone or the Haier D2000 are not left out of the largesse as they also get Free on-net talktime of N500 per month for 6 months from the date of activation. What the customer pays for buying the handset is N4499. Thus, the customers effectively pays only N1499, as they get a free on-net talktime value of N3000. This they get by just ensuring a minimum usage of N250 per month. The total benefit to the customers buying these handsets is that they get to enjoying beautiful phones

with personalized features including but not limited to FM Radio polyphonic ringtones & color, a Free SIM card, Free Headset, and Free on-net talktime of N3000, spread as N500 over 6 months.

In addition, the customers who buy these handsets and do a first time recharge of N250, get N100 as Free talktime, which can be used for both on-net and off-net calls

The design of Haier D2000 suits the taste of youths and the young-at-heart, to whom telephone use means much more than a good conversation but an experience of entertainment, especially FM entertainment. It is available in all the towns and cities where the Starcomms network exists. The phone also comes with predictable text input, calculator, stopwatch and a calendar for those who enjoy living an organized life and often depend on their phones to help them with it.

You would recall, Starcomms recently launched consumer offer of Free on-net talktime with every recharge of N500 denomination. The customers can earn upto N1250 free on-net airtime upon recharging with N5000. Over and above all these, Starcomms offers Savings of upto 25% for calls to GSM during peak hours under the RoamEasy per second plan and upto 50% for calls to GSM during non-peak hours, under the same plan.

So with Starcomms, offers and benefits Galore!
